

Ready Rating: A FREE Service from the American Red Cross

Ready Rating is a program that helps businesses, schools and organizations become prepared for disasters and other emergencies. All in one place, Ready Rating members have access to one-of-a-kind tools, resources and information for evaluating and improving their ability to withstand disaster, maintain operations, and protect lives and property. Whether you are taking your first steps or have a fully-functioning emergency management program, the Ready Rating program can help you achieve a higher level of preparedness.

How the Ready Rating Program Works

The American Red Cross Ready Rating program is a free, self-guided program designed to help businesses, organizations and schools become better prepared for emergencies. Members complete a 123-point self-assessment of their level of preparedness and have access to tools, tips and best practices to help improve their level of preparedness. The 123 Assessment has been aligned with the federal government's Private Sector Preparedness standards (PS-Prep).
